Thinking Out Loud

By H. M. L.

We the tax payers have paid and wondered where all the money went. It is a human failing and has nothing to do with patriotism. It is just a process of the mind and it makes no difference whose mind it is. Japs, Italians, Germans, British of Americans, the mind will wander into speculative fields.

Just now Nevada County is raising $650,000 toward the Second War Loan of 13 billion dollars. In the war effort the amount assigned to this California mining county is small potatoes, so small in fact it almost requires a reading glass to see the figures. Yet throughout the country assignments of given amounts to each county have been made, and upon each county rests the obligation, the patriotic duty of buying the bonds which the government has assigned.

There is no argument that can refute the logic of the slogan. "They give their lives. We lend our money." Don't think for a moment our boys in the battles of the Atlantic, the Pacific or the Mediterranean, many of whom will not come back to us, and many more who will return wearing the badge of the Order of the Purple Heart, are not watching us old 'uns at home. We just can't let them down by refusing to lend the money that buys them the weapons and the food to fight with. It's just unthinkable, and—lets not think about it. Let us call forth a scintilla of the courage they demonstrate daily in their lives. They are our lads out there fighting for us, for their country, for ultimate peace of the world, we hope, and in any event to prevent our enslavement.

But getting back to the wonderment of where the money goes that we the taxpayers pungle up. Here are a few facts that might stagger us, if that other thing—losing the war, were not even more staggering. These facts are picked at random and illustrate the gigantic cost of Uncle Sam's war for freedom. They explain in themselves why 13 billion dollars must be raised in the Second War Loan drive to finance the 1943 war program:

A single night raid of 1,000 bombers over the Rhineland calls for $375,000 worth of gasoline.

Add to that another million dollars for bombs and 11 times that sum for planes lost through enemy action.

Full equipment for a single soldier costs $154.95; for a sailor $96.40; for a marine $155.94.

A heavy bomber costs $300,000; a medium bomber $175.000 and a fighter (pursuit) plane $75.000.

A Liberty ship costs $1,950,000.

Ships start at $5000 for a 33-foot plane rearming boat and go up to $97,000,000 for a battleship.

A submarine casts $7,000,000.

Heavy tanks are valued at $145,000 and light tanks $45,000.

A field ambulance is priced at $1,780.

A bomb lift truck costs $750, a 750 gallon water tank truck, $2,605 and a scout car is $7,500.

A field oven for the Marine Corps casts $1,248; a flame thrower, $950.

Howitzers, 75 mm. complete cost $10,301.

Sufficient gas to inflate a rubber boat costs $20. Such a lifeboat (seven persons, collapsible) cost $600. A life boat for 60 persons costs $300.

A plane catapult for a cruiser is priced at $27,000.

Each airplane torpedo has a $11,000 price tag.

A 75 mm. anti tank gun costs $10,000.

A bombardier's kit costs $52,- his clothing and equipment $175.

A searchlight costs $27,500.

Parachutes cost $65 each.

The new rifle, termed U. S. cal. .30 semi-automatic MI Garand costs $80.

It takes $2,000,000 to buy an ocean going landing barge.

Girl Who Could Not Swim Drowns In Lake Combe

Coroner Alvah Hooper was called out last evening at 5 o'clock to Lake Combe where at 4 o'clock, a 16 year old girl, Evelyn Armes of Newcastle had drowned while out boating with three other young people. Under Sheriff William Woods accompanied Hooper. This morning Deputy Sheriff Carl Larsen and Woods visited the lake to devise means for recovering the body.

The party which started out gaily consisted of Miss Armes, Corporal James Fernandes, of the military police at Camp Placer near Auburn, Ann May Leikhty who lives on Pilot Hill below Auburn, and Harold Lankford, 17, of Auburn.

After launching the boat, which had an outboard motor, it was discovered that it was too small for so great load. After reaching deep water it sank under their weight. Evelyn Armes could not swim. The young men managed to turn the boat over and tried to hold her above water, begging her to hang onto the boat. Ann May Leighty could swim a little and managed to maintain herself. One of the boys swam ashore to get help. After a short struggle Evelyn Armes sank and efforts to bring her to the surface proved fruitless.

The girl was the daughter of Mr. and Mrs. Manuel Armes of Newcastle. Up to the time of going to jress her body had not been recovered. It is reported that where she sank the water is 65 feet deep.

JUNK JEWELRY WANTED TO PAY NATIVE LABOR

"Baubles, baubles, whose got some baubles?" That's the question the San Francisco League for Service Men is asking in its campaign, just launched, for costume or "junk" jewelry.

The whole thing started when a shipment of games from the League to armed forces in the South Pacific contained, by accident, some strings of beads and a few 10c store clips.

Immediately word came back to "Send us more." It was revealed in a message from Lt. General H. F. Harmon that 52 foxholes were dug for a brooch and a pair of earrings. Other officers stated that the natives would bring the wounded from the battlefields, carry munitions and supplies through the jungles, and perform many other difficult tasks for these bright baubles which they prize above all else.

In two weeks the League has gathered 26,216 pieces, which will soon be circulating as currency for barter with the South Sea Islanders.

The League is now appealing to the public for donations of any type of "junk" jewelry. It does not matter how cheap it is, nor if stones are missing. Even an earring without its mate will prove of value in this campaign.

Send or bring your "Baubles for Duddies to Barter" to the San Francisco League for Service Men, 1430 Van Ness Avenue, San Francisco. The League will do the rest. Mrs. Jeanne Herington and Miss Jean Scott Frickelton are co-chairmen of the Campaign Committee.

FARMERS TO ASK DEFERMENT FOR EMPLOYES

(From Nevada County PSDA War Board)

All farmers are urged to file Selective form 42-A for all employes who are of draft age. If this is done, states Louis Sleeman, chairman of Nevada County War Board, boards will be in a better position to make proper classification and it will also save the Nevada County War Board a large amount of work.

Farmers should understand that it is their responsibility to advise local draft boards when the work of the employe is terminated.

Grass Valley City Council Calls Meeting

The Grass Valley City Council has invited organizations interested in youth problems and activities, especially Parent Teacher Associations, to meet tomorrow evening in the City Hall for the purpose of discussing a recreation center for city youngsters.

OLD CANNON TO REMAIN IN PARK FOR PRESENT

City Attorney William Cassettari has received a letter from the United States War Department stating that the cannon which has stood, as a souvenir of the Spanish-American war, in the city square for a quarter of a century, is to remain there until officials of Camp Beale issue instructions concerning its disposition.

The letter was in reply to an inquiry addressed to the department by the Grass Valley Women's Improvement Club, trustee-owners of the square and its appurtenances, who wanted to know if something other than ornamental use of the gun could not be made in war time. It came originally from the Benicia Arsenal and the women of the club thought it might be used for shrapnel or for bombs.

MURDERER IN FOR LIFE, IS OUT AFTER 9 YEARS

Fred A. Braun, found guilty of murdering James Perry in a jungle slaying just outside Grass Valley city limits in May, 1934, has been paroled. He was sentenced to life imprisonment by the late Justice Raglan Tuttle, who was then superior judge of Nevada County. Braun served less than nine years of his sentence.

SUNRISE SERVICE EASTER MORNING AT AIR PORT

A community sunrise service will be held, as in past years, on Easter morning, at the Nevada City Airport. Arrangements are being made by Garfield Robsen, former sheriff.

Lloyd M. Geist, vice principal of the Nevada City Elementary School will have charge of a program of sacred music. Rev. Robert Carrington will be chairman and Rev. David Ralston will preach the Easter sermon.

Funeral Services for Joseph Enos Tomorrow

Funeral services for the late Joseph Enos, who passed away early Saturday morning in the Nevada County Hospital, will be held tomorrow at 10 a. m. in the Holmes Funeral Home of Grass Valley with Rev Mark Pike officiating. Interment will be in the Redmen's Cemetery Death was caused by a heart attack

Enos was a native of Nevada City 51 years of age. He had been a miner for most of his life. Surviving him are a brother, Frank Enos of Nevada City, and a niece, Mrs. Joseph Harris of Groveland, Tuolumne County

RED CROSS FIELD REPRESENTATIVE TO SPEAK HERE

Kenneth E. Wood, General Field Representative, Pacific Area American Red Cross, will visit this city on April 22, and will address the Surgical Dressing Workers in the City Hall at 7:30 p. m. All workers are invited to attend this meeting.

The Nevada City Chapter received a shipment of material Tuesday and which when completed will amount to 27,000 sponges and must be shipped not later than April 30. The quota for May and June will arrive soon and everyone will have to work fast to complete these sponges in the time that is allotted to the chapter.

On Friday from 10 a. m. until 3 p. m. the workers completed 1425 dressings and from 7:30 p. m. until 9:30 p. m. the Business and Professional Women made 700, making this the grand total of 2125 and the largest number made in one day.

Saturday from 9 a. m. until 12 noon the high scrool girls made 600 sponges.

Those in attendance were as follows:

Shirley Beck, Peggy Barceloux, Betty Engstrom, Mary Hawkins, Marille Day, Bonnie White, Betty Jacobs, Mary Carr, Mary Mann, Margaret Mann, Martha Innis, Betty Noren, Roberta Roberts, Doris Garwood, Jean Reilly, Ruthie Libbey, Dorothy Anderson, Mildred Ruth, Lotus Wales, Jean Laurley.

FARMERS ASKED TO REPORT IDLE ACRES TO BOARD

In a move to put every Nevada County acre to work producing essential war crops, the county USDA War Board has asked farmers and other residents of the county to report any land for which no 1943 crop plans have been made.

"Although our information indicates that very little farm land in the county is not already being utilized, we do not want to let a single acre remain idle if it can be avoided," L. E. Sleeman, chairman of the board announced. "If for any reason there is land which does not have an operator, the War Board will endeavor to put the owner in touch with a potential renter."

Persons wishing to rent land as well as those having land to rent are urged to apply at the USDA War Board office at 122 Oakwood Drive, Auburn, California.

WOMEN AS WELL AS MEN TAKE FOREST TESTS

It is announced at the headquarters of the Tahoe National Forest here that examinations for fire suppression classes to be given April 24 will be open to women as well as men. The examinations include those for forest fire fighter, fire fighter foreman, assistant fire truck driver, fire lookout, and fire crew cook. The pay ranges from $110 to $145 per month. Applicants for truck driving jobs must present their chauffeur licenses. Applications to take these examinations must be filed at 9 a m. Saturday morning, April 24th.

Cousins Announce Bethrotal To Soldiers

Mrs. George Perry of Grass Valley announces the engagement of her daughter, Miss Ruth Perry, to Ensign Carlton Plumb, of the United States Navy, son of Mrs. E. F. Bergin of this city.

Coincident with this announcement comes that of Mr. and Mrs Marsh Commons, that their daughter, Miss Lois Deane Commons, a cousin of Miss Perry, is bethrothed to Gordon Erickson, of the United States Air Forces at Mather Field, the son of Mr. and Mrs. Hugo Erickson of Sacramento.

Deputy Grand Matron To Visit Aurora Chapter

Deputy Grand Matron Doris Foley of Evangeline Chapter, Order of Eastern Star of Nevada City, will formally visit Aurora Chapter, O. E. S. of Grass Valley this evening. Degree work of Aurora Chapter will be exemplified by its officers. Mrs. Foley will speak during the evening.

Boy Scouts of Grass Valley in Court of Honor

The Boy Scouts of Grass Valley will hold a Court of Honor this evening in the Scout Lodge of that city. Presiding will be Lynne Kelly, flanked by Dr. O. F. Lang and Fred Denton.

Merit badges, community service bars and promotions will be awarded the youngsters who have earned them since the last court.

New Rotary Presidents Attend Reno Conference

Attending the annual district conference of Rotary presidents and serretaries at Reno today and tomorrow are U. S. N. Johnson of the Nevada City Rotary Club and Alfred M. Kramm of the Grass Valley Rotary Club. Kramm was accompanied by the club secretary, Harold Robinson. Johnson and Kramm will assume their presidential duties in their respective clubs on July 1st.

Graveside Services for Former Grass Valleyan

Graveside services were conducted Wednesday afternoon by Ceanotha Council No. 9 Degree of Pocahontas, for the late Mrs. Amelia Smith, who passed away Tuesday in San Jose.

Mrs. Smith formerly resided in Grass Valley. The body was sent to Hooper and Weaver Mortuary with instructions for its interment in the Red Men's Cemetery in Grass Valley. Rev. Mark Pike, pastor of the Methodist Church ,officiated.

Funeral Services Today for Mrs. Gertrude Fordham

Funeral services in Grass Valley will take place this afternoon at 2 o'clock for the late Mrs. Gertrude Fordham who passed away April 14 at Lone Pine, Inyo County. The services will be held in the Hooper and Weaver Mortuary chapel with the Rev. Robert Carrington officiating. Burial will be in the Greenwood Cemetery.

Mrs. Fordham was a native of Louisiana 64 years of age. Two of her daughters and her husband, William Fordham have resided in Grass Valley for some years. Besides her husband the following children survive: Mrs. Bertie Collins, Mrs. Gertrude Nix, both of Grass Valley, Mrs. L. V. Hinman of Rocklin, Mrs. X. E. Richards of Lancaster, California, George Fordham of Benicia, and William R. Fordham of the United States Army.

Damage Suit is Settled Oout of Court

The damage suit brought against the City of Grass Valle and William Sproul, assistant chief of police, by Theodore M. Ober and Velma Ober, his wife, has been dismissed following a settlement out of court.

Mr. and Mrs. Ober, residing in Placer County, filed suit against the defendants, as a result of an automobile accident near Auburn in December, in which it was alleged that Mrs. Ober was injured as a result of negligence on the part of Sproul who was driving a police car belonging to the City of Grass Valley. Damages asked amounted to $2,800.

The amount of the sttlement, according to City Attorney William Cassettari, made by the Maryland Casualty Company in which the city is insured, was approximately $1,000.

MYERS MOBLEY IS BROADCASTER

Myers Mobley, former pharmacist of Nevada City, has passed the examination of the National Broadcasting Company, and has accepted the post of announcer on KFBK in Great Falls, Montana. During his study in a broadcasting school in Los Angeles, he also held the position of pharmacist in a drug store there. His wife and small son, Walter, will join him later in Great Falls.

CALIFORNIA WAR CONTRACTS NOW $10,865,086,000

SAN FRANCISCO, April 19.—California now holds contracts for major war supplies and construction projects to the amount of $10,865,086,000, or more than 10 per cent of the national total, retaining its rank as first state in the nation in volume of war contracts. The three Pacific Coast states of California, Oregon and Washington now have total contracts to the amount of $15,131,820,000, which is an excess of 14 per cent of the national total, according to the latest available reports from the War Production Board, as compiled by the Research Department of the California State Chamber of Commerce.

Michigan, second ranking state in volume of contracts, awarded, follow California with a total of $10,012,783,000; and New York is third with $9,6556673,000. Ohio, the report shows is fourth with $8,107,765,000; and New Jersey fifth with $7,242,314,000.

he major war supply contract awards in California during the last quarter of 1942 were for military air-craft. Aircraft contracts awards to plants in the Los Angeles and San Diego areas titalled $1,117,403,000 during the three months period, bringing the cumulative total since June 1, 1940, to $5,690,624,000 or 22 per cent of the national total. New York stands second in aircraft awards with $3,548,768,000; and Connecticut is third with $2,252,801,000.

California shipbuilding awards, through additional contracts placed during the last quarter of 1942, reached a cumulative total of $2,615,859,000, or 15.7 per cent of the national total. Heaviest shipbuilding contracts awards were placed during the third qurter of 1942, when California shipyards received $823-115,000 in government orders. For the three Pacific Coast states shipbuilding contracts reached a cumulative total of $4,508,531,000, or more than 27 per cent of the national total.

Contract awards for other war supplies in California amounted to $169 250,000 during the last quarter of the ear, bringing the cumulative total to $556,744,000, or one and one half per cent of the national total.

LUMBER OUTPUT OF STATE SHOWS SLIGHT DROP

SAN FRANCISCO, April 19.—The lumber production of California sawmills in 1942 was 2,322,170.000 board feet according to a preliminary estimate made by the California Forest and Range Experiment Station of the Forest Service in cooperation with the Bureau of the Census, the Department of Commerce and the War Production Board.

Although hampered by shortage of manpower and equipment and by adverse weather conditions in the spring, the lumber industry responded to the unprecedented wartime demands for lumber by producing only a fraction less than was sawed in the record year of 1941.

For the state as a whole, with the exception of redwood, Douglas fir and white fir there was a decrease in the cut of all species ranging from 2.7 per cent in incense cedar to 19.3 per cent in Sitka spruce. The most outstanding increases were 16.2 per cent for Douglas fir and 30.1 per cent for white fir. The most significant decreases were 3.7 in ponderosa pine and 12.6 in sugar pine.

In the pine region the estimated lumber production in 1942 was 1,730,931 board feet or approximately 3 per cent below the 1941 output, due to declines in the cut of ponderosa pine, sugar pine and incense cedar. In the redwood region the estimated production of 591,238,000 board feet was approximately 9 per cent greater than in 1941 due mainly to the increase in Douglas fir production.

Mrs. Eva McKnight left Wednesday for Los Angeles to spend Easter week end and Sunday with her daughter and grandson.

FULL CREW LAW MUST GO

If any further evidence were necessary to convince the legislature that the featherbed Full Crew Law should be suspended to ease the critical shortage of railroad manpower and to eliminate needless delays in war shipments, the State Railroad Commission investigation has provided it.

Of 583 train delays studied by the Railroad Commission staff, 119 were directly charged to the operation of the Full Crew Law, with its make-work provisions requiring added and unneeded brakemen on freight trains. And inasmuch as the inquiry was made by the commission's Safety Division, which has always zealously guarded the safety of railroad workmen, labor union representatives who have opposed suspension of the bill cannot contend that they got anything but a fair hearing.

With railroad freight shipments doubled and trebled by reason of war traffic, and with every delay in the movement of military equipment and supplies endangering the lives of American fighting men, the legislature's duty is clear. The Full Crew Law should be suspended for the duration—and railroad brotherhood representatives should put patriotism first and selfish interest secnd and withdraw their opposition to such action.

We made the mistake, during the early months of this war, of arriving on critical battlefronts with "too little, too late." We certainly cannot afford to duplicate that costly mistake now. We hope the legislature will act promptly and decisively in breaking this bottleneck which has seriusly hampered and delayed the movement of war equipment.

WAR BOARD CAN GRANT PERMITS TO SLAUGHTER

The Department of Agriculture today announced amendment No. 1 to Food Distribution Order No. 27, authorizing USDA War Boards to grant slaughter permits and temporary quotas to butchers who do not have 1941 slaughter bases, but are otherwise qualified to receive permits.

Factors that must be considered in determining such slaughter bases are quantities slaughtered in 1942, existing facilities, available livestock and meat needs in the locality.

A procedure also was approved in the amendment authorizing the County War Boards and other official permits- issuing agencies to grant temporary increases in existing quotas to butchers if the 1941 slaughter base is abnormally low on the basis of existing facilities, availble livestock and meat needs. Under FDO 27, the County War Boards and other permit issuing agencies already have this authority to make adjustments for farm slaughterers whose 1941 bases are not normal and to grant small sales quotas to farm slaughterers who do not furnish 1941 records.

Temporary quotas will not be granted unless a petition for relief is filed at the same time. Temporary quotas will last until the petition is acted upon. Local slaughterers will be given temporary quotas or increases in present quotas on the basis of the same four factors, but only with the approval of regional administrators of the Food Distribution Administration.

P. G. E. MEETS ALL DEMANDS FOR WAR POWER

Notwithstanding the large increase in power requirements of the different war industries that have grown up in northern and central California almost over night, Pacific Gas and Electric Company has met every demand for either gas or electric service that has been made upon it. This was the statement of P. M. Downing, vice president and general manager, at the annual meeting of the company's stockholders at the company's general offices in San Francisco on April 13th. The supplying of electricity virtually anywhere within the territory in any quantity desired has continued steadily in the face of the cry of "power shortage." There has been no curtailment of services to the civilian population. Furthermore, with the completion of new power production facilities now under construction, the company will be in position to meet any additional demand that may develop in the immediate future.

Downing reported that as of April 1st, 2140 employees had left the company for the country's armed services. A few employees have quit to go into shipbuilding and other war industries, but most of these were either temporary workers or had short service records. Of the regular operating employees, 74 per cent have been with the company five years or more, and 58 per cent have been with it for ten years or more.

More than 9300 employees are members of the Pacific Service Employees Association. Of this number reported Downing, 5240 had been enrolled during all or part of 1942 in one or more of 236 educational courses conducted by the association. Some of those courses are cultural; the majority of them relate directly to the utility business and are technical in characte.

Farm WAR NEWS

HIGHER PRICE SUPPORTS

California war food production has been given a great impetus by announcement of increased price supports for several important crops, thus enabling growers to increase production in spite of higher costs. Here are the new prices on crops important in California.

BEANS

Prices for beans, great northern, small white, flat small white, pinto pink, small red and cranberry varieties will be supported at $6.50 per hundred pounds, and lima, baby lima, light red kidney, dark red kidney and western red kidney and western red kidney varieties at $7.50 Prices are for U. S. No. 1 grade, cleaned and bagged, in carload lots, f. o. b. country shipping points. Loans will be made on all varieties of uncleaned thresher-run beans, except mixed beans, at $5.50 per hundred pounds for U. S. No. 1 grade, $5.35 for No. 2, and $5.10 for No. 3. Discounts will be made for sub-standard beans.

FLAXSEED—Price of No. 1 flaxseed will be supported at $2.85 per bushel, Minneapolis basis, with differentials as previously announced. On this basis, the basic price at San Francisco will be $2.90.

DRY PEAS—Smooth varieties of dry edible peas, cleaned and bagged will be supported at ....5.65 per 100 pounds for U. S. No. 1 grade, and $5.40 for No. 2. Loans will be made on uncleaned peas at the rate of $4.50 for No. 1 and $4.25 for No. 2.

PEANUTS—Spanish varieties of peanuts will be supported at an average of $140 per ton, with grade differentials.

SWEET POTATOES—U. S. No. 1 grade will be supported at seasonal prices varying from $1.15 to $1.45 per bushel, in carload lots, packed in crates, baskets or hampers. Second-hand containers may be used if clean and durable.

No incentive payments are now contemplated for any of the above crops.

PAYMENTS ON POTATOES, TRUCK CROPS

At the same time increased price supports were announced for beans, peas and other crops, it was announced that incentive payments will be offered on Irish potatoes and on fresh truck crops, from funds now available to the department of agriculture.

Payments will be based on acreage above 90 per cent of the farm goals established by county AAA committees, up to 110 per cent of those goals. Rates will be $50 per acre for truck crops and 50 cens per bushel of the normal yield of the farm for potatoes.

MEXICAN LABORERS ARRIVING

Nearly 1,800 Mexican farm workers are now arriving every week, to California and Arizona. The rate will gradually be increased until between 35,000 and 50,000 will be ready to help meet the harvest peak in eight western states.

FORAGE PRODUCTION URGED

Dairy and livestock men are being urged by the USDA War Board to put every available acre to work producing pasture and winter forage if it is not suitable for other crops. In many cases, land can be used more efficiently and with a great deal less labor for forage than for other crops. Spots of ground not otherwise utilized, such as ditch banks, headlands, acreas adjoining woodlands or roadsides, and abandoned cropland lend themselves to planting of such crops as ladino clover, rye grass, birdsfoot trefoil, Sudan grass and burr clover.

In addition to providing additional feed, ever ton of home grown forage helps to reduce the transportation load on a system already overburdened by war requirements.

BITS AND PIECES

Lend lease works both ways. While the United States is shipping vast quantities of foodstuffs to its allies, other United Nations are reciprocating by providing food for our troops on many foreign fronts. For example, Australia and New Zealand contributed more fruits and vegetables in proportion to their population to U. S. troops in 1942 than the United States shipped under lend!-lease in proportion to its population. This food is supplied without cost to the United States. OPA has relaxed its no less than fifty pounds rule on seed potatoes, and victory gardeners may now buy them in any quantity as long as they are clearly labeled as seed by retailers. Prices to growers of asparagus have been increased 1 1-2 cents per pound. Commodity Credit Farm Corporation will buy the 1943 wool slip from growers at prices equal to current ceilings, less freight and allowance to cover market costs. Charges for storage and interest will be 1 1-8 cents per grease pound. All suitable grapes are to be converted into raisins.

TRINITY GUILD MEETS

Trinity Guild held a most enjoyable meeting Wednesday afternoon with Mrs. Minera Wright, presiding. The guild is making dish towels which they sell and for which they have a ready market. Mrs. Jennie Preston, highly esteemed pioneer of this city was honored and surprised at the meeting with a beautiful bouquet of flowers honoring her birthday. Dainty refreshments were enjoyed.

MANY STUDENTS FIND WORK

The Grass Valley High School placement bureau, established in the office of Principal William Wilson in November, has found part time jobs for 119 students since then. Care of young children in the evening leads all other vocations with 41 having found such employment. Garden work came second with 24 placements.

NEVADA COUNTY NOTICE TO FARMERS

A. L. Saladana, Secretary of the Placer and Nevada Counties Agricultural Conservation Association, has announced it will be necessary that each farmer sign a farm plan before May 1, in order to participate in the 1943 Soil Conservation benefits payment.

If a farm plan is not signed prior to May 1 no farmer will be eligible for 1943 payments. Call or phone your Agricultural Conservation office at 122 Oakwood Drive, Auburn, California if you are not certain of being signed up. Phone, Auburn 724.

If every man, woman and child in the United States lays aside $100 the aggregate will be about $13,000,000,000 or the amount the Treasury must raise in its Second War Loan.

Invest in Second War Loan Bonds the way you expect our fighting men to fight—to the limit!

TWO ROBBERS SENTENCED TO SAN QUENTIN

William Allen Sukovitzen and Floyd Giles, who pleaded guilty last week to robbing the Grass Valley Public Market on March 21, Thursday morning were sentenced by Judge George L. Jones to San Quentin. After hearing further testimony from Edward Green, the youth who was forced to empty the market's cash register of almost $500 in currency and silver, into a sack produced by Giles, while facing a sawed-off shotgun, the court ruled that the robbery was done with a deadly weapon and that it was a first degree robbery.

Attorney James Snell, appointed by the court to defend the two robbers, raised the question of whether or not the shot gun was loaded. There was nothing in the testimony taken at the preliminary hearing to indicate that it was. Upon this point would depend, perhaps, the question of whether or not the robbery was of the first degree or second, as defined in the Penal Code.

Judge Jones expressed a desire to hear testimony of Edward Green regarding the use of the gun, and court was recessed until Green could be called over from the Grass Valley High School where he is a student. Green testified that Sukovitzen carried the gun under his coat and that when he went to lock the door for the night, Sukovitzen pulled it out, thrust the muzzle in his stomach, and backed him across the floor to the cash register, and ordered him to empty it, admonishing him. that "the gun would make a mighty big hole through you." Keeping it pointed at the boy, Sukovitzen also displayed three cartridges in his left hand. These proved to be of larger calibre than the gun.

District Attorney Ward Sheldon cited a number of cases, almost identical with this robber, in which the courts had held that whether guns were loaded or not, when used in a robbery they were legally deadly weapons.

Judge Jones made the sentence run concurrently with sentences which the men were serving when released on parole around the first of the year. One had been convicted of forgery and the other of fictitious checks. The two men were taken to San Quentin by Under Sheriff William Wood and Deputy O'Hara Friday.

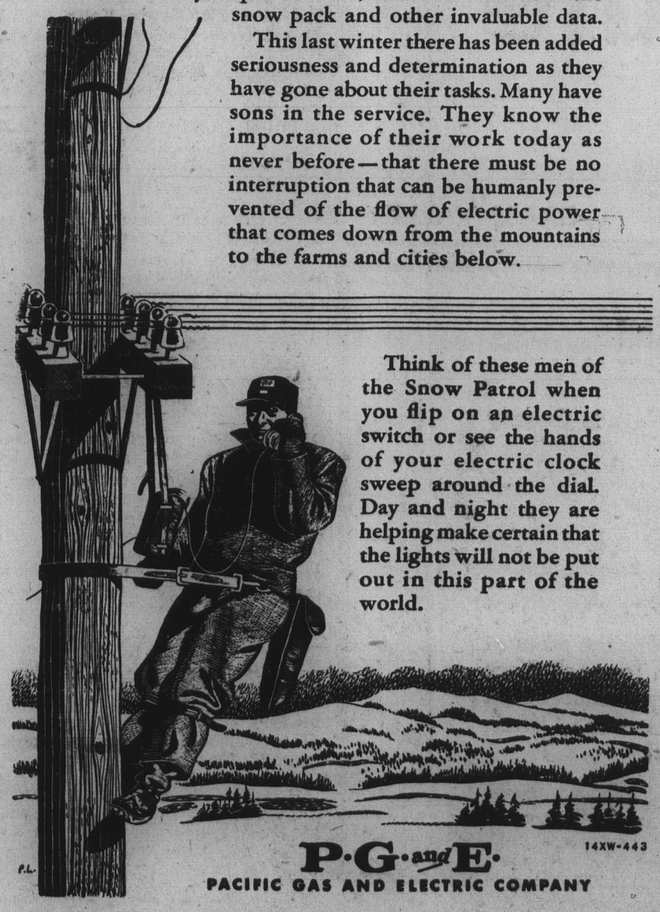
SNOW PATROL
at J-7

Like the sweep of the hands around the clock, day and night men of this company's Snow Patrol have spent the winter in the high places where hydroelectric power is born. Up and down canyons and ravines and skirting lakes and forebays these men in lonely vigil have followed the mountain freshets, the flumes, ditches and power lines.

SOME OF THESE MEN help maintain feeding stalls for deer in cooperation with the U. S. Fish and Game Commission. From their outpost stations, too, they make daily reports to the U. S. Weather Bureau as to wind velocity, depth of snow, moisture content of the snow pack and other invaluable data.

This last winter there has been added seriousness and determination as they have gone about their tasks. Many have sons in the service. They know the importance of their work today as never before—that there must be no interruption that can be humanly prevented of the flow of electric power that comes down from the mountains to the farms and cities below.



Think of these men of the Snow Patrol when you flip on an electric switch or see the hands of your electric clock sweep around the dial. Day and night they are helping make certain that the lights will not be put out in this part of the world.

Carl Hieronimus Leaving For Army Is Honored

Mrs. Simon Hieronimus entertained at a family reunion and farewell party Sunday honoring her son, Carl Hieronimus, who is leaving soon to join the armed forces of the United States. Twenty family members were present for the occasion. At the dinner were Carl's two sisters, Mrs. De Matti, taecher in the local schools and Mrs. Ed Denning and three children of Roseville; and Mr. and Mrs. Ed McCluckey and sons, Ed and George, of Alleghany, Mr. and Mrs. Jack Muscardini and son Bill; Mr. and Mrs. R. J. Ronchi of Folsom; Mrs. Anna Tucker, City Clerk and Mrs. George Calanan and their daughter, Mrs. Helen Imlay of San Francisco, and Mrs. Carl Hieronimus.

Carl Hieronimus has served on the staff of the local branch of the Bank of America for about four years. He is a graduate of the local schools and a poular member and exalted ruler of the local Elks Lodge.

TAXPAYERS - ATTENTION!

The second installment of property taxes for Nevada County is due and payable and becomes

DELINQUENT ON APRIL 20, 1943

at 5'oclock P. M.

Unless paid prior to that time 3% will be added to the amount due, together with a further charge of 50 cents for each piece or parcel of land separately assessed and for each assessment of personal property. Taxes payable at the Treasurer's Office, Nevada County Courthouse, Nevada City, Calif.

ELMA HECKER, Ex-Officio Tax Collector.

Personal

Mr. and Mrs. Ted Lindsay and two daughters have returned from a several months stay in the bay district where Mr. Lindsay was employed in war work. They are busily engaged in preparing for a large garden and will also raise poultry, on their home grounds on the Banner Road southeast of this city.

Miss Frances Pryor, teacher in the Walnut Grove schools, is spending Easter week with her sister and brother in law, Mr. and Mrs. Ed Martine.

Mr. and Mrs. Elmer Caster who pleaded not guilty to a charge of disturbing the peace during a dance at LeBarr Meadows Saturday night, have asked for a jury trial in the Grass Valley Township Court. Justice of the Peace Charles Morehouse set Tuesday, April 27, at 10 a. m. for the date of the trial.

Two trucks started hauling barites from the Spanish mine at Washington last week. The Warren Transportation company has the contract to haul the ore for a bay region firm. Work was suspended during the winter months due to snow and bad roads.

Dan Henry of Stebnite, Nevada, was a business visitor in Nevada City Thursday and while here visited with his parents, Mr. and Mrs. Will Henry of Park avenue.

Dave Jeffress, sterotyper at the Nugget office, and mother spent the past week end in San Francisco. They bid farewell to a cousin of Dave's who is in the armed forces.

Frank Holbrooke, Sr., is quite ill but showing some improvement from a severe attack of shingles. He is in the Miners hospital.

Avery Phillips who has been with the P. G. & E. company in Nevada City for several years, this week received a promotion by a transfer to Stockton where he will be employed in the mapping and estimation department of the company.

ATTENDED GENERAL ASSEMBLY

Attending the General Assembly of the Native Daughters of the Golden West in San Francisco were the following delegates from Nevada City and Grass Valley:

Mrs. Edna D. Sampson, past state president; Mrs. Adeline O'Connor, state director; Mrs. Louise E. Wales, state organist; Mrs. Beatrice George, Mrs. Mary Frank, Mrs. Hilda Sandow and Mrs. Minerva Wright.

Second War Loan Bonds earn interest. Right now they fight inflation.
